

CLEAR BLUE SEA STUDENT INTERNS COMPLETE DEVELOPMENT of 2 SMALL-SCALE FRED PROTOTYPES for DEMONSTRATION

Thanks to over 40 student interns and volunteer mentors, Clear Blue Sea project teams completed two fully-functional, 6-foot long, FRED prototypes that were demonstrated for peer review, operationally tested to validate requirements, and presented to the university community for academic course credit. Thanks to Zane, Jessica, and Susie for mentoring these teams!

Thanks to SDSU students Abdullah, Cameron, Dane, David, Diego, and Nate for achieving their vision of FRED by developing a small-scale, fully-functional prototype for university and public demonstration.

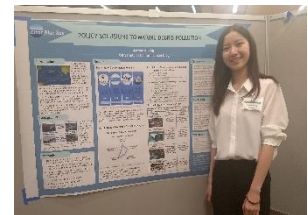

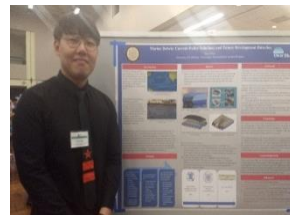

Thanks to USD students Christiana, Elise, Erin, Fu, Iyad, Jazmyn, Scott, Sydney, and Zane for achieving their vision of FRED by developing a small-scale, fully-functional prototype for university and public demonstration.

\$75K MORGAN STANLEY GRANT AWARDED! The Spouses Giving Circle of Morgan Stanley present Susie Baer, our Executive Director, with this grant at a Morgan Stanley Conference at Pebble Beach on April 3, 2019. Clear Blue Sea is utilizing this generous award for FRED Prototype materials and our Internship Program.

THANK YOU, MORGAN STANLEY!

Thanks to UCSD Environmental Sciences student interns Saiwen, Yanzi, and Kristin for their projects to research and assess international, federal, state, and local laws and policies related to governing cleanup of ocean plastic, as well as educational programs increasing awareness of this crisis.

SUMMER 2019 INTERNSHIP PROGRAM SPONSORS OVER 50 STUDENTS FROM USD, SDSU, UCSD, AND PLNU!

With the help of our HR Intern, Jason Duffy, and the Management Team's efforts at vetting, interviewing, and assigning candidates to projects, we have 10 projects staffed by over 50 student interns and volunteers. We provide newcomers with a week-long CBSea Boot Camp that provides training and teambuilding on: 1) Crisis of Ocean Plastic 2) CBSea's Response with FRED 3) CBSea Systems Engineering Methodology 4) Teamwork and Creative Thinking Techniques 5) Project Management and Team Project Planning Sessions.

THANKS TO OUR VOLUNTEER PROJECT MANAGERS FOR HELPING MENTOR OUR STUDENT INTERN TEAMS
